All dates are Australia dates. Australia is 14 hours ahead of EDT (e.g., July 25, 3:00 pm EDT is July 26, 5:00 am in Australia). When trying to phone your student, please ensure that you use the correct format for the numbers. To dial Australia from the US, you must include the International call code: 011 and the Country code: 61 as shown above. If you look up an Australia number on-line it may have a preceding 0, you must omit the 0 if calling from the U.S. (i.e., dial 3 not 03). The 0 has been eliminated in the above AU numbers.
