Economics 499 — Senior Seminar
Professor Woodbury
Spring Semester 2003

On Monday, January 27, we discussed the article by Ruhm, which is posted on this site.

On Wednesday, January 29, we started to work through Professor Wooldridge's "Rudiments of Stata," which I handed out.

Remember that first presentations of topics to the class will take place on Wednesday, February 5, and Monday, February 10. If you did not sign up for next Wednesday, then you are on for Monday the 10th. Notes on what you should do in this presentation and some further notes on choosing a topic and finding sources are on the website under "First presentation."
