STUDENTS: WHAT DO I DO?

IF YOU HAVE SYMPTOMS OF COVID-19:
- Isolate and do not go to class or any social event, regardless of vaccination status.
- Seek a COVID-19 test. Take appropriate steps following results.

IF YOU HAVE A POSITIVE COVID-19 TEST RESULT:
- Regardless of vaccination status, isolate for 5 days from the onset of symptoms or the day you tested (if asymptomatic).*
- Call the MSU Triage Line at 855-958-2678.

IF YOU ARE A CONFIRMED CLOSE CONTACT OF SOMEONE WHO HAS COVID-19:
- Quarantine, do not come to campus for 5 days and call the MSU Triage Line at 855-958-2678.
- Carefully monitor for symptoms for the next 5 days.
- If living on campus, call the RHS COVID-19 Hotline at 517-884-6862 for quarantine/isolation housing.
- If no symptoms, there is no need to quarantine but be vigilant about wearing a mask in public.

Email or call instructors to make accommodations.

HOW DO I GET A COVID-19 TEST?
- Students with a medical or religious exemption must take part in the Early Detection Program and test weekly. Asymptomatic students also can use EDP for a test.
- Students who have symptoms or have been exposed to someone with COVID-19 can get tested at Spartan Stadium.
- Or visit go.msu.edu/wHp5 for local testing locations.

*Day 0 is your first day of symptoms or a positive viral test collected. Day 1 is the first full day after your symptoms developed or your test specimen was collected.
