Parents and families,

All on-campus students received an email from REHS today with a link to a move-out survey. We ask that all students read the email and take the survey as soon as possible. If they did not receive it, have them check their junk mail. We understand there has been a quite a few forms and emails sent to your students and we sincerely appreciate your student’s participation as we work through the day to day changes. A summary of the email is below:

In order to ensure students have the time and proper space to move out of their residence halls, Residence Education and Housing Services (REHS) is asking students who can return home, or who have left and need to complete the move-out process, to do so during a designated time period; this move-out has been extended and is now planned for March 24 – April 12, 2020.

Please select a move out time slot between March 24 – April 12, 8 a.m. – 7 p.m. from the link in the email. To ensure adequate social and physical distancing, the number of students who can sign-up for a time slot will be limited per building – please note only date/time slots with openings are displayed. This form replaces the previous Spring Housing Intentions form.

Travel between residences is allowed under Governor Whitmer’s, Stay Home, Stay Safe Executive Order. However, if you are unable to return to campus or do not feel comfortable doing so at this time, REHS will be able to share options for storage and/or shipment assistance from third parties soon. Continue to check your email and our website for more information as it is available.

During your move-out, you are to pack up the remainder of your belongings and complete the check-out process. The express check-out option is available to ensure the move-out process is streamlined and physical distancing is maintained. We also ask that you limit the number of people with you to help pack and move. You are able to leave your unwanted carpet and futons in your room; they will be disposed of at a later date. College Products rentals should also remain in the room, cleaned out and unplugged, so that they can pick them up a later date.

If you have already checked out, or you have moved out and simply need to return keys to complete the check-out process, please complete the form so we can record this. There are instructions for returning keys remotely via mail.

We understand home means different things to different Spartans; if you are not able to leave as you are an international or out-of-state student, MSU is the safest living situation for you or your family, or MSU is your permanent home, you continue to be welcome on campus. We are here, open and ready to serve our Spartan community.

Eat at State will be sending a separate email about changes to culinary operations going forward. Thank you for your patience and understanding in this unprecedented time.

If you do not see an option that works for your situation or need to discuss special accommodations, please contact MSU Live On at liveon@msu.edu or 517-884-5483.
