Explore Africa
at
Michigan State University

June 29 – July 20, 2008

Experience the wonder of African history and culture firsthand with Michigan State University! This exciting new travel program includes a one-week stay on campus, where students will participate in college – level seminars on African culture, language, history, and music.

New this year, we have added an option for students participating in the seminar to join MSU’s freshman seminar abroad to South Africa. This is a two-week, MSU-faculty led learning experience that will enable students to truly experience what they have learned about. The travel seminar will be led by the same faculty as the on-campus seminar. This is an outstanding and unique opportunity to travel to one of the most fascinating parts of the globe.
