NCAA INTERPRETATIONS

• Institutional Promotion of Noninstitutional Camps or Clinics. A member of the institution’s coaching staff who is employed at a noninstitutional camp or clinic may only promote or endorse such a camp or clinic by permitting the camp or clinic to use his or her quotations and/or pictures in its promotional materials (e.g., camp brochure, website, social media). It is not otherwise permissible for an institution or an institution’s coaching staff member to produce and/or post noninstitutional camp or clinic promotional material (e.g., camp brochure, website, social media). In addition, it is not permissible for the institution or the institution’s coaching staff member to include information regarding a noninstitutional camp or clinic, in which the coach is employed, in general or electronic correspondence. ELIGIBILITY CENTER REMINDER
Graduating seniors need to have a final official transcript with proof of graduation sent to the Eligibility Center. In addition, prospects need to request final their amateurism certification. High schools are encouraged to upload final official transcripts directly to the Eligibility Center’s high school portal. Instructions for uploading transcripts can be found on the Eligibility Center’s website: [link]

TRANSPORTATION FOR INCOMING PROSPECTS
As your incoming student-athletes begin to arrive on campus, remember that we may only provide transportation to prospects in the following situations:

• From the nearest bus station, train station or airport (Lansing and Detroit) to campus upon the prospect’s initial arrival for fall semester, to participate in preseason practice or for classes for summer session, provided the prospect has been awarded athletically related aid for summer school; and
• Transportation to and from the nearest bus station, train station or airport (Lansing and Detroit) on the occasion of the prospect’s arrival and departure from campus to attend orientation, provided the prospect has been admitted to MSU.

It is not permissible for MSU to pay a prospect’s or their parent’s transportation expenses to campus (e.g., gas mileage, plane ticket).

RECRUITING AT NONINSTITUTIONAL CAMPS
NCAA legislation permits recruiting conversations between an institution’s coach and a participating prospect during the institution’s camps or clinics. This legislation does not extend to coaches working another institution’s camps. For example, if a coach from Institution A is working at Institution B’s camp, then Institution A’s coach is prohibited from having recruiting conversations with (or otherwise recruiting) the prospect from the time the prospect reports to Institution B’s camp or clinic until the conclusion of all camp activities. This means that if a MSU coach works a noninstitutional camp or clinic, the MSU coach may not have recruiting conversations with prospects attending the noninstitutional camp.
