PUBLICIZING SKILL INSTRUCTION REMINDER
During a team’s 8-hour weeks, it is not permissible to publicize skill-related instruction. In addition, it is not permissible to conduct skill-related instruction in view of a general public audience. It is permissible for a prospect and individuals accompanying the prospect (e.g., parent, sibling, coach) to view skill-related instruction during official and unofficial visits, provided the skill-instruction has not been publicized and is not held in view of a general public audience.

TRYOUTS
Tryouts for enrolled students are permissible, provided the student is eligible for practice and the tryout involves activities that are permissible at the time they occur (e.g., practice in season, skill-related instruction or conditioning activities outside the season). The student must complete the Walk-On and Tryout Form located in the Office of Compliance Services. The form requires a signature from the head coach, the sport athletic trainer and the Office of Compliance Services. The student must have a physical administered by a physician within six months prior to the tryout including a sickle cell solubility test (unless documented results of a prior test are provided at the time of the tryout or the student declines the test and signs a written release). Tryouts may last a maximum of five days.

ADMISSIONS/FINANCIAL AID/HOUSING MEETING
The annual Office of Admissions/Financial Aid/Housing presentation is Wednesday, September 3 from 9:00—10:00 a.m. in the Smith Center room #220. All coaches are invited to attend.

SCOUTING OF OPPONENTS REMINDER
Off-campus, in-person scouting of future opponents (in the same season) is prohibited. It is permissible for a coach to scout future opponents participating in the same event at the same site. In addition, coaches may attend a contest in the Big Ten’s conference championship or an NCAA championship contest in which a future opponent participates. It is not permissible for an institution to pay expenses for the institution’s team to scout a future opponent as entertainment in conjunction with practice or competition. However, it is permissible for an institution's team to observe future opponents participating in the same event at the same site, even if there are expenses associated with the observation.
