Letter from Cathy

Hi All,

How about those Spartans? We are excited to see MSU do so well in all sports! Congrats to Susie and Tom for another great year and what I am sure will be a great finish! You can rest assured that the MSU volleyball team has not been taking a break, we have been working extremely hard since the banquet. I love the non-traditional segment because we get to work on individual improvement and team culture. Each player has made strides already and we look to see the team gain in all areas of their game. As we move into competition we are able to try different combinations and offensive/defensive strategies and track how it all comes together. Thankfully we have the opportunity to play four weekends to test things out before we move into the summer sessions. Mike has included our Spring schedule so you can join whenever possible!

I also want to thank you for your thoughts, prayers and emails to Richard Alban before he passed. He has been a great friend to our program and to so many of you! Richard always had a smile on his face and made our team feel very special! I hope he knew how much he meant to our team and to the side out club. We will surely miss him.

Thanks again for your support!

Cathy
Spring Update

Coming off winter break, the NCAA allows 8-hours of "countable activity" for each athlete. Furthermore, only 2 of those 8 hours can be in the gym with coaches (the other 6-hours are typically split between weights and conditioning). Cathy added hot-yoga to this year's conditioning regimen once a week to improve flexibility, strength, balance, recovery, and relaxation techniques. During the gym segments, coaches typically work with small groups based on position to improve upon the finer details of our technique and form. The 8-hour-a-week segment concluded with a conditioning competition involving Women's Soccer and Field Hockey in the Duffy Indoor Football Field. The competition combined sled pushes (with and without teammates standing on the sled), sprints, sled pulls and board pushes. See the picture below!

The team is currently in our 20-hours-per-week segment of the year. The 6-week segment began before Spring Break and will continue through the middle of April. The NCAA Rules allow us to compete on 4 days, which is why you'll typically find teams doing a combination of play-days (2 teams that practice vs. each other in a variety of back and forth type of drills) as well as tournaments (multiple matches throughout the course of a single day). This year has the Spartans in a play-day on March 22 vs. Western Michigan before the Spartans take on the Broncos in a full 3 out of 5 scrimmage that night at Cornerstone University. This will be the first chance to see the 2014 Spartans in action. It will also provide an opportunity for the coaching staff to see young player step into new roles as Wicinski, Kuipers, Kelsay, and Mathews have graduated.

Practices have been going well thus far and the team is working each week in the gym and the weight room. A new wrinkle for 2014 involves the whole team, including coaches, meeting with a Sports Psychologist on a weekly basis to practice our neck-up routines before the rigors of the fall season. We're finding that it takes a lot of attention and practice to master some of the relaxation and focus techniques! Our morning practices provide a laboratory for our team to experiment with what we've learned.

Richard Alban
1930-2014
Lansing, Michigan

A long-time resident of East Lansing, Lansing, and graduate of Michigan State College, Richard died after a brief battle with Brain Cancer. Richard loved to build small wooden gliders (fans might remember some of his glider competitions between games 2 and 3 of some MSU Volleyball matches). He also loved to play poker with his buddies, go to fish frys, read, and follow MSU Volleyball matches.

He is survived by his three daughters, Amy (Jim) Severson, Mary Alban, and Jennifer Alban Ayers; his four grandchildren, Erik and Jennifer Severson and Eleanore and Alison Ayers; and his nieces and nephews. He will be remembered by his many friends, neighbors and family for his loving, generous nature and helpful spirit. He could be seen at nearly every Michigan State Volleyball match, home and way, yelling “GO GREEN” whenever he had the opportunity!

There will be a memorial planned for a later date. In lieu of flowers, memorial contributions may be made to Sparrow Foundation in memory of Richard Alban. Online condolences may be left at www.EstesLeadley.com.
