Key terms – Learning, Memory, and Language (Ch 4)

Amygdala
Anterior temporal lobe
Aphasia
Broca's aphasia
cAMP
CREB
Declarative memory
Episodic memory
Fluent aphasia
FOX2
H.M.
Hippocampus
Inferior portion of the temporal lobe
Left posterior temporal lobe
Long-term memory
Long-term potentiation
Medial temporal region
Middle portion of the temporal lobe
Neurotrophins
NMDA receptors
Nondeclarative memory
Nonfluent aphasia
Parahippocampal region
Prefrontal cortex
Procedural memory
Semantic memory
Wernicke's aphasia
Word deafness
Working memory
