Dear Friends:

It gives me great pleasure to welcome you to the 37th Annual Conference of the North American Group for the Psychology of Mathematics Education in East Lansing.

This conference's theme is "Critical Responses to Enduring Challenges in Mathematics Education" with the goal of facilitating strategies on enduring challenges for the field of mathematics education, with attention to different ways these challenges are conceptualized and addressed in theory, research, and practice.

As you gather for this year's convention, know that the state of Michigan is grateful for your many years of service and dedication to the people and communities of our state. On behalf of the state of Michigan, thank you for your decades of exceptional leadership, dedication and service.

Again, welcome to the 37th Annual Conference of the North American Group for the Psychology of Mathematics Education. Please accept my very best wishes for a memorable and enjoyable convention and for continued success in the years to come.

Sincerely,

A handwritten signature in black ink that reads "Rick Snyder".
