Geography 426

Final Complete Online Portfolio

Throughout the semester you have been uploading your projects to the web to share with Kirk, Carolyn, your classmates, and the rest of the online community (specifically through Twitter). This portfolio is worth 15 points of your total lab grade. If you have kept up with this, great! Otherwise please bring your portfolio to completion in the next week. No matter what if everything is there by the due date for this assignment, you get those easy 15 points. If you fail to have this completed in the next week, you will receive a 0 for this assignment. Yup, it’s all or nothing folks.

What you need to do:

Scenario 1:
If you have all 8 labs uploaded to your website, great, you’re done! Just make sure that all of your links work, and you will get your 15 points for a complete portfolio. Remember, everything must be there:

a. All 8 labs (links and pictures working)
   i. All links work
   ii. All picture are showing
   iii. All write-ups (when necessary) are included

b. A picture of yourself

c. Links to things your interested in

d. Info about yourself

e. An email link

Scenario 2:
If you currently do not have a complete portfolio, you have one week to make it complete. Go back and look at Lab 1 for tips and hints to create a full and complete online portfolio. Here’s what needs to be there:

b. All 8 labs
   i. All links work
   ii. All picture are showing
   iii. All write-ups (when necessary) are included

c. A picture of yourself

d. Links to things your interested in

e. Info about yourself

f. An email link

Due in one (1) week. April 13th for the Tuesday Lab and April 15th for the Thursday Lab. Remember it’s all or nothing. You will receive 15 points if everything is there and 0 if even one element is missing. This should be an easy assignment, have a friend check for you if you are nervous that you might be missing something. Good luck!
