1. What is the relation of *reference*? Give an example of two things that stand in this relation. What are *referring terms*?

2. What are definite descriptions? Give an example of a definite description.

3. Does Russell think definite descriptions are referring terms? Why or why not?

4. What is the referential/attributive distinction? How does it apply to definite descriptions?

5. Why do you think so much is made out of definite descriptions and reference by Russell and Lycan?
