Bikes operated or possessed on campus must have a valid permit affixed and must be parked at a bike rack, locked, and in operable condition.

To register your bicycle, you must have the serial number from the bike. This may be found in several different places on bikes depending on the make and model. The most common location for bike serial numbers is just under the seat and underneath the bike below the pedals. Be sure to know the make of the bike, the color of the bike, and whether the style is male or female.

There is no cost for a bike permit. Bike permits must be obtained on-line at:

**Advice:**

1. Bike theft is **very** common. So too is the theft of bike parts, such as tires and seats. If you plan on bringing a bike on campus, it is recommended that you purchase an inexpensive one. Impounded bikes can be purchased at the **MSU Surplus Store** on Tuesdays and Fridays, 7:30 a.m. to 3:30 p.m. Bikes are not auctioned, they are individually priced like a regular store and are sold on a first come first served basis. The majority are mountain bikes are priced about $25-$30.

2. Purchase a reliable lock for your bike.
